I wish Princess Diana would die already

Get over it assholes. She's dead, and here's the pictures.

I am so sick of benefit concerts, memorials, and auto-erotic asphyxiation jerk off sessions about Princess Diana. Sure people liked her; but for Christ's sake, I'm more upset about my civil liberties dying.

People liken Princess Diana to some kind of Mother-Mary-baked-into-a-grilled-cheese-sandwich type of bullshit. She was a mother, a princess, and a wife.

And now she's dead.

She died in 20 minutes. We have been throwing circle jerk memorials for 5,259,487 minutes now.

Hurry up and die.

Posted by TK (Admin) at 00:27

I can't believe that you would put these pictures of the beautiful Princess Diana. You may feel that we are still mourning her, but guess what, you are just probably insanely jealous of all the fabulous and generous things she has done in her life, which is probably something you would never do or even think of doing!!!

Anonymous on Oct 2 2007, 00:53

How dare you say that about somebody that made people smile you should be ashamed of your self imagin if you died would you like that?no you wouldn't so shutup and don't say bad things about princess diana. Your mother must be gross out that she's your mother.Never again say bad things about people or i'll really get mad. Got it.Good

Anonymous on Dec 3 2007, 22:11

hahaha @ "Or I'll get really mad".

Are you serious?

Anonymous on Jan 3 2008, 21:38

I don't claim to have the smartest readers...

Anonymous on Jan 5 2008, 14:55

hahahahhah nasty

Anonymous on Jan 5 2008, 18:06

The pictures are gruesome. But I do agree that Princess Diana was just a product of hype and has really done nothing extraordinary (a few photo ops with impoverished Africans does not count). Diana made the most of the publicity afforded her as a member of the Royal family, spent her husband's money and generally turned public opinion against the Queen and Charles. I am sorry she went in this way but I do not see why everyone went into hysterics over her.

Anonymous on Jan 16 2008, 01:19

wow, can't believe I am reading such things. 'people' she was a good person who spent most of her time helping those less fortunate. she was slaughtered because of her status and the value of her image. imagine having to give up your freedom in exchange for an appointed position. she was not an actor who knew what she was getting into. she was she was proclaimed her 'rank' because of who she was married to. she will be remembered but never forgotten.

Anonymous on Feb 9 2008, 22:29

who is the asshole? YOU!

She was transferred to an hospital, and you say she died in 20min...

They tried to save her for 3hours...

Get a life! You are so insane, all you want is to make people believe you bullshit...

You just have to go on BBC's website and read the story, that would be something interesting you would do instead of writing all these shit...

Anonymous on Apr 4 2008, 14:34

I have to agree with TK (Admin), sometimes its best to let go. She was a good person, but she was only a person, people die everyday.

Anonymous on Apr 20 2008, 20:48

why would you say something like this

everyone well neally everyone loved her and you cant change that with what you write

Blog Export: Please God No, <http://pleasegodno.com/>

the reason everyone loves her is not just because she was a princess and a mother but because she helped the unfortunate out.
just get over yourself

Down with the royalty!

Anonymous on Jun 2 2008, 18:32

what you just said was horrific i cant believe you would post something like thaat on the internet you sick basted.
diana was a kind hearted person and someone to look up to and you would say somthing like that. that is dispicable be ashamed.

from prudence and holly and the hole of year 8

Anonymous on Jun 11 2008, 00:08

Hmmm... I agree with everyone here. TK's comment was a bit harsh, but one the other hand it would be nice if the media would leave the poor woman alone already. People die in car accidents all the time -- good people, bad people, all kinds of people. I know that none of those tributes/concerts/fundraisers make it easier for her sons to live more or less normal lives. It must suck to constantly be reminded that your mother died in the most unfortunate circumstances. I'd be pissed off, too.

Anonymous on Jul 23 2008, 13:02

I am sure that I will be right on this stupid subject.

Diana was nothing better than a lady in waiting.

Throughout the years when she was classed as royalty she would still welcome gentlemen friends into her marital home.

Her death was a shock but not a national tragedy.

Best gone and best forgotten.

The only reason women get lost in thought is because it's unfamiliar territory.

Anonymous on Jul 24 2008, 23:11

SHE'LL LIVE FOREVER AND EVER, EVEN AFTER YOUR GONE. IF ONLY THERE WOULD BE A REASON TO REMEMBER YOU ?? HMMM ? NOTHING ?? YEP YOU'LL BE FORGOTTEN RIGHT AFTER YOUR PRONOUNCED DEAD FOR SURE.

Anonymous on Aug 4 2008, 04:40

The guy that posted those pictures and wrote all those rotten things about Diana is a YELLOW BELLIED JERK who would never dare say anything like that outside the safety of his home where he can hide. If you don't want to hear about her then turn off the television. If you do not want to read about her then don't. Maybe someday someone in your family will die like that and photos of them will be posted on the internet and people will say rotten uncouth things like you did. See how you feel if it ever happens.

Anonymous on Aug 9 2008, 15:32

Diana was nothin more than a peasant slut.

All she did was flaunt herself around in the tabloids. She even used to ring the editors up to tell them what she was upto that week.

Good on the photographers getting these pictures on the web.

Good ridance to the silly hag.

All of the angry words and frustration stated here over Princess Diana's memory is your fault not hers. I agree that the media and the public created the Di-mania and the princess Diana fantasy that people still try to cultivate today. And yes there comes a time when it's just healthy to let go. But there is no need to try to diminish the good-hearted person that she was and the truly admirable deeds she performed. These memories should live on but it's time to let others carry on those works and deeds. She would want that. And, although I find the photos sad and gruesome, I have always deplored the phony fairytale version of the crash (as if we could believe it) about how she remained "untouched," and "uninjured" after a wreckage so horrific that one of her earrings was found across the street and the other imbedded in the dash. She WAS injured. It can and should be told. We aren't fooled and it just makes for further fantasy. Let go.

Anonymous on Aug 27 2008, 01:01

You are void of any feeling whatsoever, and probably live alone, divorced, and have a job you don't like. TK, you need help, and need someone in your life to keep you from going insane, but I am sure you already know that.

Anonymous on Aug 27 2008, 01:03

THATS NOT A REAL PHOTOGRAPH!!! Whomever posted that PHOTOSHOP photo and wrote that uncalled for passage, well all I can say is I hope they their passing wont be as rudely desecrated as that author did to Diana. They should be ashamed of themselves and find better usage for their time.

ok. first she is just a woman. secondly she loved the whole celeb culture. thirdly, its been ten years now. who cares! she's prob only just reached her ideal weight. and she was unfaithful. some angel.

Anonymous on Aug 30 2008, 21:22

I must agree, creating some holy saint out of this rich, spoiled person is quite irrational. Human behavior is so puzzling. This person jet-setted about with nary a care or a worry, spending England's wealth like a divorced royal (come to think of it, she was just another rich, snob, divorced English goddigger royal). Yet people worshiped her like she was a god (still do, the dopes).

Anonymous on Oct 1 2008, 03:00

well we must all be sickos to have found this page mustn't we? she was ace. I just wanted to c if anyone was sick enough to have done something like this. Clearly they have. Doesn't make me feel too good about the human race. See you all in hell fuckers (that goes out to the nasty bastards, you know who you are((darignac))

Diana was fab

Anonymous on Nov 17 2008, 16:47

hahahaha...thanks for that! perfect! all these people with no lives admiring some boorish, photo op loving, money grubbing diva...get over it!! so many others to admire in the world and you pick her..why? yeah, guess i'm a nasty bastard...but you all are losers..haha

Anonymous on Jan 7 2009, 19:33

Anonymous on Jan 7 2009, 19:34

The gods curse you
You'll never find peace
Death will haunt you, your family and your generations
You will be cut short before your time
Failure will surround you
You will beg for everything you need and want, but will never find it.
You think you're smart?
Talk unnecessarily about the graciously dead?
You'll forever regret this mistake you've made
Cursed be you forever

Anonymous on Feb 13 2009, 02:08

YOU FUCKING HEARTLESS BASTARD. CANT BELIEVE YOU WOULD SAY SOMETHING LIKE THAT AND PUT PICTURES ON ASWELL. ARSEHOLE.

Anonymous on Feb 13 2009, 17:29

Hahaha, the replies to this are fucking priceless. Some people have no lives

Anonymous on Mar 18 2009, 21:41

What's the difference between a Cadillac and a Mercedes?

Diana wouldn't be caught dead in a Cadillac!!!

HAHAHAHAHAHAHAHAHAHAHAHAHAHAHAHA!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Anonymous on Apr 5 2009, 13:49

Those pictures are disgusting, and you are a completely classless person, with no remorse for human life.

Anonymous on Apr 20 2009, 11:54

TK is one of those closeted internet idiots who crave attention and can only get it by saying something controversial. What next? Will you have a go at the 911 victims for a few more hits? Those who would poke fun at the death of a young mother are as ridiculous as those who would see her beatified.

Anonymous on Jun 5 2009, 07:14

I guarantee you half these people didn't know who Diana was until after she died. People disgust me at how quickly they're willing to defend someone they didn't even know. Shut the hell up all of you. She's dead. Get over it. If you believe in an afterlife, then just be content with knowing she's in a better place, if you don't, then shut the hell up anyway because she's gone and nothing you say or do will bring her back and her memory will fade just as fast as your own life.

Get over yourselves.

"The gods curse you"

I know this thought may surprise you, but a lot of people don't believe in Gods. In the 21st century too. Funny isn't it?

"You'll never find peace"

This coming from someone who sounds more miserable than the person he/she is criticising. LOL.

"You will be cut short before your time"

The way your comment is, you'll probably be put in a mental institution before your time, if you'd not already committed suicide.

"Failure will surround you"

Kind of like it surrounds your comment.

"You will beg for everything you need and want, but will never find it."

Like he's begging for moronic tweets like you to shut up.

"You think you're smart?"

Talk unnecessarily about the graciously dead?"

The graciously dead? The picture doesn't illustrate a gracious death.

"Cursed be you forever"

It's the 21st century, and moreover, it's the internet. Don't talk like you're the author of a fucking scripture.

Anonymous on Jul 24 2009, 07:53

Wow, I am geekin at "I cant believe you would post something like that on the internet you sick basted." I would have posted it on the bulletin board at work!

Anonymous on Jul 26 2009, 04:41

that's awful you could do such a thing like that!
you sick bastard!

do the world a favour and DROP DEAD you freaking asshole!

Anonymous on Jul 30 2009, 22:21

Fuck Princess Di, overpriced whore who got destroyed because she hired a drunk to drive her fucking car. Fuck all you English wankers who are so fucking obsessed with her too, what has the fucking royalty done for you lately? Other than introduce so much inbreeding to your society that not one of you motherfuckers has a normal set of fucking teeth?

"Princess" Di was a slut. Get over it and get over yourself.

Anonymous on Aug 3 2009, 11:13

Firstly Princess Diana was and still is a credit the the British nation. Unlike the USA our country prides itself on our royal family and the billions of pounds they raise for charity every year! Instead of the uneducated Americans who spend billions of pounds every year on fast foods, making the population the most obese in the world!

I mean come on you have sent the whole world into a economic meltdown because you couldn't manage finance! I think that is why the financial capital has been moved to London because unlike the Yanks we do have high education and a bit of common sense!

And maybe you can explain why you are the most hated country in the world? Its definately not jealousy!

I would also like to add that you are a nation of immagrants, with most descended people coming from Britain.

And i don't know where you got the idea of us having bad teeth? As the USA spends the most money on fixing rotten teeth in the world probably down to you're poor diets.

To my conclusion i think one had better get his or hers facts straight and stop a clear jealousy for the most loved nation in the world.

RIP Princess Dianna (loved by so many)

Anonymous on Aug 4 2009, 20:37

there must a more horrific picture. copious amounts blood would have been better.

what a success story she had. married a relative 10 years plus older than her. surprised he had nothing in common with her, except family tree.

maybe that is why so many hillbillies defend her.

killed in a car driven by a drunken chauffeur. very cool.

they interrupted a show, i cannot remember now, to show the live feed of the extraction and failed attempt to resuscitate her.

instant replays, and animated theories. i remember turning off the television after 10 minutes.

another dead royal.

Anonymous on Aug 11 2009, 04:00

you're cold hearted. man. seriously, i am now going back to re-read what you had to say, just to make sure you deserve the statement.

Anonymous on May 28 2010, 15:53

I think it is really funny that so many people call you a sick batard, fucking asshole, cold hearted, etc. and say that you have no respect for human life but... right after that they say things like I hope you die in a fire, DROP DEAD, etc.

ahahahaha that is fucking hilarious!!!

Anonymous on Jul 21 2010, 20:03

OK. Whatever sick person wrote this article I have a little lesson for you.

Princess Diana was like a light in the world. She gave so much. More than you will ever give. She may have been highly publicized but she used it as a good thing she used her high title to help more. so you know what she will be mourned forever because we will teach our grandchildren and great grandchildren about her.

Oh and to the people commenting on America and its obesity dont blame it on Americans blame it on the President.

stop being asses and saying mean comments about Princess Diana. Its disrespectful

R.I.P Diana

Anonymous on Jul 27 2010, 04:43

Everyone who has commented here have just proved the point that it was the people that killed her... it was you who bought the papers, the photos, who showed an interest in her...everyone is to blame, especially the ones who "loved" her since you bought more of the paparazzi crap than anyone.

Anonymous on Jul 28 2010, 08:05

Dudes come on ! Im like 15 and no nothing about her but you really shouldnt be abusing her ? you didnt even know her? and your saying how pathetic she is!

Well i have got somthing for you. she will be more famous then you will ever be?

And every who hates her why do you hate her? You don't even know her?

So stop judging? Thanks have a good one assholes

Anonymous on Aug 18 2010, 23:02

I understand that yes, we do have to let go of her, but the way you said was very callous and horrible. You are entitled to your opinion but there's no need to vilify her. It further demonstrates your lack of sensitivity and arrogance.

Don't tell people to "get over it" and then abuse her. Taking our you anger on her contradicts what you demand.

Anonymous on Aug 19 2010, 11:35

How does anyone know that the photos posted are even actual photos. Unless this person is a cop or news person, he wouldn't even have access to such high profile material. She was a person, just a person. but she is due respect like any other person. Unless she did something to you personally that you are not big enough to forgive, you are at best stupid to even post such a thing about anyone.

Bitter people always spread venom as they have nothing else to offer. I'm not a member of the United Kingdom. I live in Canada, born and raised a US citizen. but I do know common decency.

Anonymous on Aug 24 2010, 19:52

Your a goddamn asshole. People are still doing stuff for Haiti, 9/11 and new orleans. Should we stop that too? Let me guess your response, yes and hurry up and die right? She was a great woman and you should be more respectful of her memory. Maybe if you violently died in a car crash you'd understand but wait, why would we care? You don't seem to care that that happened to Princess Diana. You need to learn how to grow up. You asshole!

Anonymous on Aug 30 2010, 19:04

Anonymous on Aug 31 2010, 13:59

people grow up!! mr. TK (Admin), i seriously doubt if u normal, 1st of all, thoz are fake photos.... & second, Diana was a human being, so you should no celebrate over somebody's death... I bet you can feel the pain if the people you love die....grow up.

Anonymous on Aug 31 2010, 15:33

That photo is actually a FAKE. So before you write a pathetic story to gain attention (you were probably deprived of it in your childhood no doubt) get your 'info' correct.

And i'd LOVE someone to post a picture of someone you loved, of them dead and a bit mutilated perhaps, on the interwebs for all to see and for others to mock. Oh so witty hiding behind your keyboard and all... rolls eyes

Grow a brain moron and grow up. Let's see you doing something for humanity instead of slandering the dead. Poor taste and cheap and inaccurate 'article' you have here.

THIS is actually what she looked like,

storm and others that said things the way stjorm did is completley correct...with all do respect to the late lady di i admired her for so long but i started to come to a realization that she was only a person and that people are making her a personal god. Yes she was a kind loving person but we dont know what she was like beyond what the cameras showed us..the royal family had their say for a reason we will never know the gods honest truth and its none of our buisness because god is the one and only judge. All the lovers its time to move on admire nobody but the lord and savior hes perfect and haters stop being so cruel but then again evil hates good.

But u have to admit she did have some bad...'habits' i'm gonna say. I guess she just fell under the pressure of da media, 'n like all great famous people, she died. Princess Diana died, Martin Luther King died, Heath (F**K'N HAWT) Ledger died, and so did my grandpa (he taught me how to make a kite! He wuz da greatest!). Its hard 4 some people to let go coz some people are emotionally attached to her (and others r just obsessed or pervs). But anyhoo, I have 2 say that the way the bro wrote it wuz harsh. your an idiot, are you english? because if you are your a disgrace! never again will there be someone as graceful and caring as lady diana, she was truly one in a million, google her name and see how much charity work she did, she did more in her short 36 years than you clearly will in your life. yes she was a mother, and a fantastic mother at that, caring for her sons whilst caring for hundreds of others and dealing with the media intrusion with grace and dignity. yes many people mourned the death of diana, but why shouldn't they, even though at the end of her life she wasn't a princess she was more like a queen in most of the public's eyes. all she did was try to do good, yet there are people like you who cannot accept that someone in the public eye was a good and upstanding person. i hope she lives on in her sons because he will one day be atleast my future king, and if atleast 1% of diana's personality is in princes william and harry then our country will be a better place. i cannot believe you could be so disrespectful and cold-hearted to write this, how would you feel if it was your mother, daughter, sister, friend, wife or aunt who died in a tragic accident? you would want to fulfil their memory, and that is what our nation did and will carry on to do because she should never be forgotten! have some more respect for the dead or keep your opinions to yourself!!

Anonymous on Nov 20 2010, 14:58

Ok she was a princess, her death was tragic, yes. It's been over ten years now. Can we please stop talking about it? As for this blog...it was probably one of the most foul things I have ever read in my life. Most of it was unnecessary. She was a human being, we all die eventually. Again, yes it was a tragedy but It's been over ten years now. Didn't anyone ever teach you people to not talk ill of the dead?
Anonymous on Nov 20 2010, 23:10

The picture of her dead makes me disgusted at who would do such a thing. Don't get me started on what this page is called?? That pic of her dead is outrageous to put such a caring Princess and a fine leader one day up for random people to gwaap at. Prince Harry is getting married for gods sake , do you think he want pics of his mum up like this?? How would you feel if it was your mum?? Disgusted. Poor Princes Harry and William. My sincere condolences...
Plus who would want to murder the lovely Princess Dianna? She was a lovely Human Being butter than some of the arse holes out there...
And don't you think she would of had better security?
Prince Harry and William would burst out in tears if they saw this...SaD

Anonymous on Dec 7 2010, 00:56

She is dead. And your right people do need to move on. I don think she would have wanted anyone to linger of her death. But you cant keep people who were touched by her to stop from mourning. There is a way to go about things like this. Your way was rude and disrespectful. What could she have possibly have done to you? Have you lost someone you cared about? Do you still mourn them being gone forever? We are trying to keep her legacy and kindness alive. Don't ruin something for others because you are bitter.

Why don't you die you dirty fuckin' bastard. Showing cocks on pictures. Then saying the things you said about Princess Diana

Anonymous on Dec 23 2010, 00:46

wow well She was the most beautiful and most respectable woman i knew. I was only 10 years old that day i still remember everything what happened that day. I don't know why you posted such a disgusting post on internet. We will all die one day but doesn't mean our feelings for others who died we will forget them. I will never forget Princess diana what she did in her life. She served lots of poor and needy people in the whole world. Not for being famous. She was born as an angel. She died and she is in heaven now. She is resting in peace now with lots of angels around her. She deserved the best so she is getting all the good things in heaven now. Believe in heaven or not, but let me tell you, seems you do not read bible or religious books in your life. Try to read them and learn how to respect the world and People around you.

Noory

Original blogger is crazy, that's all. Be aware that there are people out there who are crazy, Diana certainly knew that.

Anonymous on Jan 31 2011, 22:39

After reading the article, it has become clear to me that you lack the knowledge of Princess Diana's service to charity and the turmoil she dealt with on a daily basis - since childhood. I didn't fully understand it myself until I did my own research.

The reason Diana is an icon is not because she was royalty nor was it because she was rich. Those were simply the platforms that put her in the public eye. But she utilized those platforms to help the common man. Her entire philosophy on life was one of "If I can give nothing else to world, I'll give my love in the hopes that it someday will be given to another." Most people, if they were to say that, would be laughed at for being corny. But Diana was sincere in every word she ever spoke on the topic of helping others - as was later reiterated by the royal family on many occasions.

How can you honestly not understand why people adore that in a person? This type of article shows the trend of humanity as a whole. We're less caring and far less empathetic towards those around us than we used to be - and for good reason. Every day, we have tragedies shoved in our faces and after awhile, you stop mourning along with everybody and you start to become desensitized to the issues. Diana never did that.

One can argue that Diana that was a spotlight seeker, but even those who disliked her in life all agreed on one point in death - she was one of the most outwardly caring people they'd ever met. She didn't care who you were or what your status was, she opened her arms to you if you needed it - and that was her plight throughout her adult royal life.

If you can't understand why people cling to the loss of someone like that, I don't know what to tell you.

The asshole is you, and the real horny, and egoistic motherfuckers who killed her, and still walk around alive and well today.

I hope they will suffer, and all burn in hell!

The system, and politics suck man!

To me, Diane should have been Queen of the World.

And maybe many people, agree with me.

Princess Diana, was a cheap whore and a slut, he fucked with Princess charles to become the princess and then started having sex with other guys,

Prince charles knows that one of the sons is not his, and he was devastated and he went back to sleep with Camilla.

Princess diana then made a big issue of this and won the hearts of the people in; the media that she is a victim and secretly started having excessive passionate sex with many guys, including editors, camera men, high profile executives and everywhere she went she has sex ... she was even involved with threesome and foursome and would take on multiple men with her being alone, James, Dodi fayed and others were just for the media, the Real thing was behind the scenes where she had real hot sex with many guys, The charity and other things were just a media con.

she was a whore and a slut, nothing more....

These are fake pictures ! The doctor on scene said the Princess had no trauma except a possible broken arm. That is how you know these are fake.

So, I was curious about exactly how Princess Diana really died when I found this site. My boyfriend (The one sitting beside me) told me (how she died) when I found this picture and led me straight to this long chain of responses to this whole article. Honestly, I am not harping but if you post something, make it somewhat grammatically correct so we can understand your sentences. Now to my point, I do not know Princess Diana very well. I was born in 1990 and was very young when I saw these "mourning services" on tv. So, honestly the only comment I make to justify how I feel is this:
It is rude to post such a picture and write nasty thoughts about it. I understand you feel so strongly about her death never being put to rest, but think Michael Jackson. He died recently and people still talk about him. If you don't know exactly who he is, well... Let's see... One person called Princess Diana two faced. In a way, Michael Jackson could've been as well. No one really knows the truth about the scandals the press slung about him now do they.
Finding out the truth is not even the issue. She was a famous human being who died in a tragic way. Isn't that enough for anyone? My advice is, if you don't like it, ignore it and avoid it at all costs. It is possible, people do it everyday!

Okay, I'm done

Good riddance to that paki sausage sucking cunt. I grew up in the 80s when the goddamned princess snot worship was taking place. I was so happy when little miss curry pipe drainer was turned into road meat with Dodi the doody. Really, she was nothing more than a typical 80s party girl who like to ride the cock carousel, and you had millions if not billions of women with their puckered pussies and bad attitudes crying in the night that they weren't her. I mean really, Diana settled for a golliwog light? Serves her right to get a close up view of a dashboard. The only good thing she ever did was birth to Harry, Hewitt's son. If he has any sense, William, Kate, Willy and Queen Mum will be sent on the Explosion Express Touring Plane, on his dime and he can help clean up Britain.

Anonymous on Apr 28 2011, 14:32

I've never really known what to think of princess Diana. But, I know that thousands of people loved and respected her. So, you have absolutely no right to do this to her memory. She was a wonderful person. Everyone in the world is a good person, some people call them jerks, but really you are what you call people. So you, TK are an asshole, and no one will care if you died.

And I know you are what you call people, but I really don't care.

Go to Hell. I will meet you there.

Anonymous on May 1 2011, 08:14

Never speak ill of the dead.

Anonymous on May 10 2011, 07:44

Bit wrong if you ask me

Anonymous on May 11 2011, 07:17

Amazing how all the people who are chastising you for posting these photographs and claim you are sick for posting them have managed to find their way here in the first place. They certainly didn't Google looking for Princess Di beauty pics....

Anonymous on May 11 2011, 14:40

darnac your a bltch I never in my life thought I would know some one who would speak so ill of the dead! I mean seriously?! do you actually have to waste your time talking shit about a woman like that? I'm sure you hate her because your missing something she had, so why don't you take your BITCHY ass remarks and shove them where the sun don't shine!

SO THAT BEING SAID GO FIND A DEEP HOLE AND NEVER COME OUT AGAIN! JUST CUZ NO ONE GIVES A SHIT ABOUT YOU DONT MEAN YOU NEED TO GET ALL BUTT HURT AND WRITE AWFULL THINGS ABOUT HER!

All these people getting out of their mind angry, remind me of that Chris Crocker tool. She's dead and her body ravaged by insects. Go choke on shit and die.

OOH IGNORANT PEOPLE DON'T WORSHIP A FILTHY CHARACTER LIKE HER.

SHE IS EATING SATAN'S SHIT IN HELL FOR THE SINS SHE HAS DONE :- (FOOLING HER HUSBAND (she wanted every nice men in her), LYING ABOUT HER SELVES AND HER DEEDS TO HAVE SUPPORT, FOOLING PEOPLE AS IF SHE CARED THEM (it was her drama to get worshiped by fools),

Blog Export: Please God No, <http://pleasegodno.com/>

GOD DINT GIVE HER ANY NOBLE MIND, SHE WAS A FOOL IN STUDIES AND A NERD BY CHARACTER, SHE WAS LIKE A WHITE PIG WHICH GOT TOO MUCH INTO PEOPLES MIND.

THE LITTLE CHARITY WHEN COMPARED TO HER LAVISH EXPENDITURE AND NONSENSE SHE DID WAS TO GET WORSHIPED BY INNOCENTS

THE EXTENSIVE WORK SHE DID ON LANDMINES WAS TO SAVE HER SELVES FROM DEATH AS SHE WAS ALREADY WARNED BY SOME FOOL I KNOW (FORETOLD HER FUTURE DEATH) THAT SHE WAS GOING TO DIE IN CAR CRASH BUT SHE AND HER CLOSE ASSISTANTS TOOK IT IN A WRONG WAY AND PRESUMED IT AS A THREAT THAT SOMEONE IS TRYING TO BLOW HER IN HER CAR (landmines were commonly used to target VIPs in Asia and Africa).

I DON'T THINK SHE BELIEVED IT TOTALLY WHEN SHE WAS CAUTIONED ABOUT HER DEATH IN CAR BUT SHE DID TAKE MUCH OF PRECAUTIONS : SHE MADE IT PUBLIC, STOPPED USAGE OF LANDMINES, ACCUSED ELDERS.

YOU STILL DON'T KNOW SOME OF HER VERY FILTHY SECRETS. FOR GODS SAKE SHE WAS NO ANGLE SHE WAS A CUNNING, FILTHY LADY WHO WAS LUCKY ENOUGH TO BE A PRINCESS FOR A WHILE.

YOU MAY SAY SHE LIVES IN YOUR OR PEOPLES HEART. BUT SHE IS NOW LIVING NOT EVEN NORMAL BUT A VERY PATHETIC AND DISGUSTING LIFE IN SOMETHING LIKE HELL EATING SOMETHING LIKE SATAN'S SHIT.

Anonymous on Jun 15 2011, 07:28

The ugly whore Diana admitted to being a dirty slut, was smiling about it while making her filthy confessions on TV. Only the most pathetic attention seeking whores brag about being whores. The sluts death was the best thing that ever happened to the UK, just a pity she didnt die a slower death. She is lying on her back in Hell, being the dirty whore for eternity. What a dirty filthy skank.

Anonymous on Jun 26 2011, 04:04

It's unfortunate that they won't let the Queen rest in peace. Hopefully, she'll just be a memory and a good example of why the press should backoff a little, but us at Seattle Town Car Service, we can help.

Anonymous on Sep 1 2011, 17:20

That is terrible, what you're saying about her. She was a good person, and what if you were one of those sick or poor people she helped? What would happen if she hadn't helped them? She saved many people and you should thank her.

Anonymous on Oct 11 2011, 20:13
